Case17: While only the Username field has input, and nothing is selected, hit Enter.

Result: “Please fill out this field” appears on the Communities field, and the input is auto-tabbed to the Communities field.

Screenshots:

The screenshot shows a web form titled "Create a post on p/". It includes a "Search Communities" input field with a red asterisk. Below it are two "Post Title" input fields, each with a red asterisk and a red border. A white tooltip with the text "Please fill out this field." points to the first "Post Title" field. Further down are a "Test" input field, an "Add Link (optional)" input field, and a large "Text" area. At the bottom right are "Add Image" and "Submit Post" buttons.

Case18: While only the Username field has input, and the Post Title field is selected, hit Enter.

Result: (Same as Case 17) "Please fill out this field" appears on the Communities field, and the input is auto-tabbed to the Communities field.

Case19: While only the Username field has input, and the Username field is selected, hit Enter.

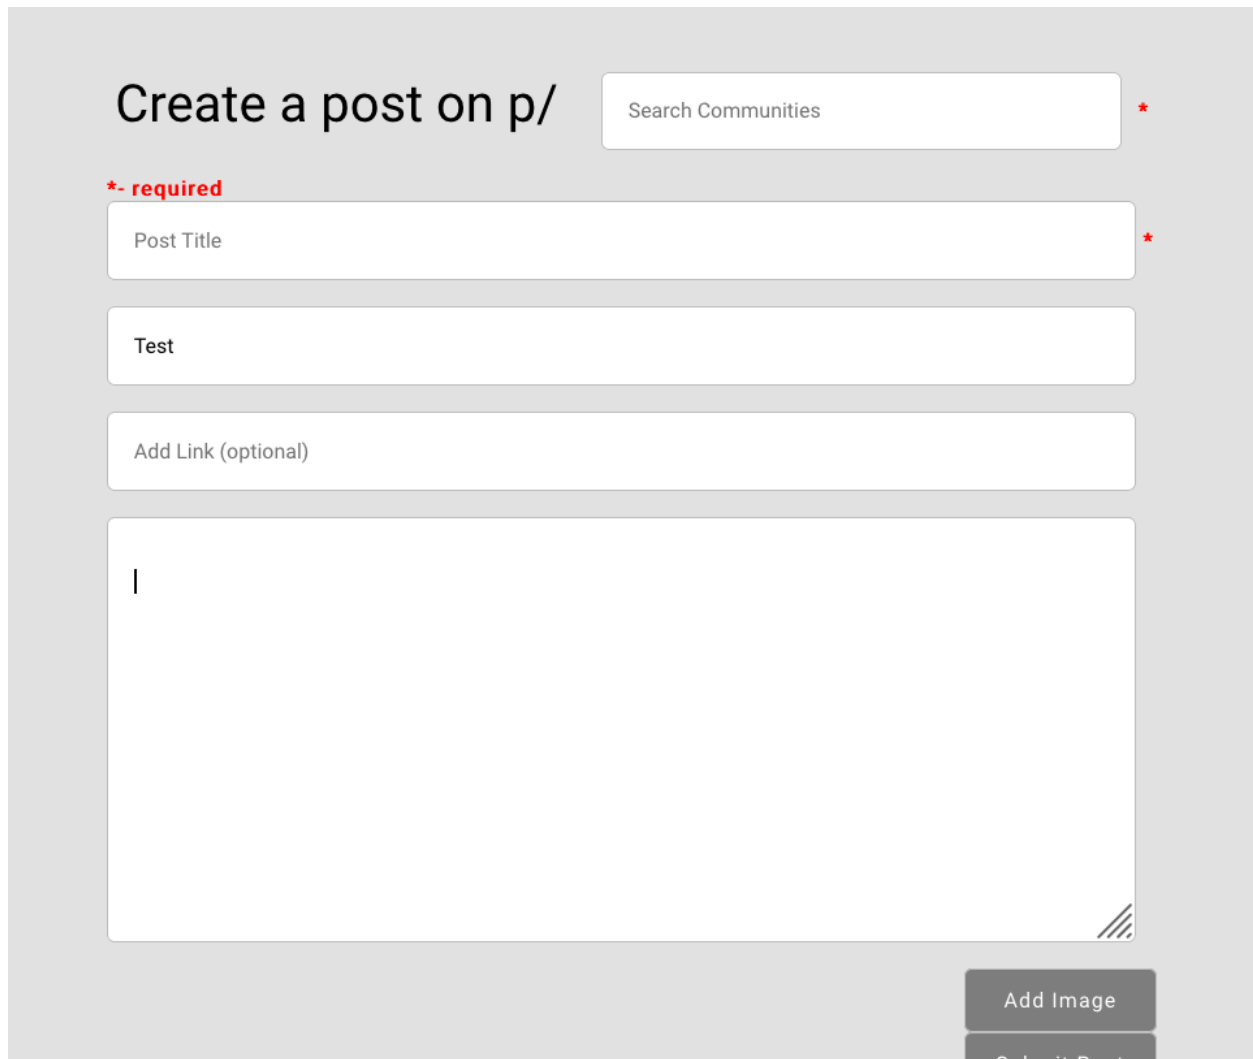

Result: (Same as Case 17) "Please fill out this field" appears on the Communities field, and the input is auto-tabbed to the Communities field.

Case20: While only the Username field has input, and the Add Link field is selected, hit Enter.

Result: (Same as Case 17) "Please fill out this field" appears on the Communities field, and the input is auto-tabbed to the Communities field.

Case21: While only the Username field has input, and the Text field is selected, hit Enter.

Result: The input text is moved to a new line in the Text field.

The screenshot shows a 'Create a post on p/' form. At the top right is a 'Search Communities' input field with a red asterisk. Below the title is a red label '*- required'. The form contains four input fields: 'Post Title' (with a red asterisk), 'Test', 'Add Link (optional)', and a large text area with a single vertical line of text. At the bottom right are two buttons: 'Add Image' and 'Submit Post'.

Case22: While only the Username field has input, and the Add Link field is selected, hit Enter.

Result: (Same as Case 17) "Please fill out this field" appears on the Communities field, and the input is auto-tabbed to the Communities field.

Case23: While only the Post Link field has input, and nothing is selected, hit Enter.

Result: The page does not react at all.

Case23: While only the Post Link field has input, and the Communities field is selected, hit Enter.

Result: “Please fill out this field” appears on the Communities field, and the input is auto-tabbed to the Communities field.
